MEMORIES OF '64 . . .

Of T.H.S

DEDICATION

We wish to dedicate the 1964 Tunneltonian to a friend of education and young persons, Mrs. Wilma Spangler. Although her duties were that of Commerce teacher, she did not stop there, but often went out of her way to be helpful. We all remember the beautiful floral arrangements which she furnished from her gardens, the programs and tickets she prepared for various activities, and many other kindnesses too numerous to mention here. We are looking forward to her return.

PRINCIPAL'S MESSAGE

This year is rapidly passing; the day is drawing near when you will be leaving the happiest memories of your life.

Your yearbook will provide the last record for many things happening at Tunnelton High. Even your classmates will never look quite the same again, pictures change rapidly from year to year.

I hope your experiences at Tunnelton High have been pleasant, and that a review of your time spent here will bring only pleasant memories to you. I hope these memories will continue to give you guidance in years to come.

Education does not end at the close of this school term. Many will return to school in the fall, here or some place else. For those who do not return, education has not ceased. It will continue with life experiences.

Remember, a well educated person never needs to look for a job. There is always a job looking for that person. Jobs are being based on education more each year. Only you can continue your education, if not by going to school, by becoming trained for a trade.

My best wishes go with you as you venture into the future. I hope each of you will be among those that are successful in life.

Janis,

ones I may

"Gals" never

Dear Janis,

Remember me and all the good times I caused you to have. You've been a pretty good spy through all the years I've known you (two years). I hope you don't ever get another "D". I can't stand to see you cry. Don't forget to write this summer (I don't mean next summer either) I guess you must have forgotten to write last summer. I hope you get everything you deserve in the future, even everything you want; namely Ringo + George. I hope you get rid of "Charlie Keel", even you don't deserve him, but then who does? I won't remember all the nice things you did to me (only the meanones) after all, how could I remember anything nice when there just wasn't anything? I guess I won't write any more because I had the strangest feeling that you thought I was using too much space just to sign my name. Remember me always just as I really am "wonderful". Forgive me for always smothering you with my kindness.

Forever and ever

Love

------!
